8:50 – 9:30 & 3pm – 3:30.

Value of the Month

Unity

Dear Parents/Carers,

After all the uncertainty and upheaval of the past six months it has been wonderful to welcome all of our children back. Thank you for trusting us to keep your children safe – remember if you have any worries about Coronavirus talk to us – we are here to help.

I would like to extend a huge welcome to our new families – we are very pleased you have chosen to send your children to our wonderful school

All of the children have settled in really well – they have embraced the new way of working, the new routines and it has been a joy to see full classrooms and hear children chatting and laughing in their class bubbles on the playground.

Attendance.

Attendance at school is now compulsory and the expectation is that every child will be in school unless there is a good reason for them not to be. It is now more important that children arrive at school punctually so that we can keep the bubbles separate in line with Government guidance. For the same reason, it is equally important that children are collected on time too.

Uniform.

The children are looking so smart, and proud, in their uniform. I would politely remind you that children need to be in school uniform every day except on the days when they have PE, when they will be expected to arrive at school in their PE kits. Your child's class teacher will let you know on which day they will be having PE.

Please ensure that your children are wearing sensible shoes and bring their coats to school every day.

If you have any queries, concerns or suggestions, please do not hesitate to contact me.

Kind regards,
Mrs Waplington

Healthy Lunches

It is important that lunchboxes are packed with a healthy lunch to keep the children's energy and concentration levels up throughout the school day. Fizzy drinks and chocolate bars (a chocolate coated biscuit is ok) are not part of a healthy lunch and we ask them not to be sent into school.

For helpful ideas and advice for your child's lunchbox go to: <http://www.nhs.uk/change4life/pages/healthy-lunchbox-picnic.aspx>

Coronavirus

If you, your child or any household members show symptoms of Coronavirus, they must not come to school and they should arrange for a test immediately. If a test is positive, you must inform school straight away so that we can take appropriate actions.

Headlice

Please ensure that you check your child's hair regularly for signs of headlice. If you find headlice or eggs please treat as soon as possible with the appropriate treatments. It is possible to obtain a prescription for treatment of you take your child to the doctors & there are live headlice.

If we do see headlice, we will call you to give you the opportunity to collect your child and treat them (they can be brought back into school when you have done this) or to get the appropriate treatment so you can treat that evening.

Combing through hair carefully that has conditioner on it is a good thing to do, as the conditioner makes the hair slippery so more difficult for the lice to hold on & can be done daily between treatments! We recommend checking hair carefully on a daily basis to try and keep this under control.

Tea tree products can have a repellent effect so washing hair using a tea tree shampoo & conditioner is beneficial.

Universal Infant Free School Meals

If your child is in Reception, Year 1 or Year 2, they qualify for a free cooked meal every day. This is a new government initiative and it would be great if as many children as possible take advantage of this. For more information please speak to Mrs Jenkin in the school office.
